 UniCare Life & Health Insurance Company (UniCare)
 Individual Short-Term Health Insurance Plan
 \$2000 Deductible

This Individual health insurance plan features a \$2 million per member lifetime maximum in benefits.

This matrix is intended to help you review the Short-Term Individual health insurance plan benefits from UniCare Life & Health Insurance Company (UniCare) and reflects your share of costs for covered expenses after you have met any applicable deductible. When you use UniCare participating (in-network) providers, your costs are based on a specially negotiated fee for UniCare that may save you money. When you use nonparticipating (out-of-network) providers, your costs are based on charges deemed by UniCare to be reasonable for that service and area. Reasonable charges may be less than your provider's billed charges and often result in higher costs to you.

This summary of benefits provides a very brief description of the important features of the plan. This is not the insurance contract and only the actual plan provisions apply. The Plan Booklet sets forth, in more detail, the benefits, limitations, and exclusions. If there are any conflicts between the terms of the plan and the information in this overview, the terms of the Plan Booklet will prevail.

Amounts shown below are UniCare's share of costs for covered expenses after any applicable deductibles are met.
