High-Deductible (HSA-Compatible)

Plan 2

This plan features a \$5,000,000 per member lifetime maximum in benefits.

This matrix provides a brief description of the plan features and reflects UNICARE's share of costs for covered expenses after the annual and out-of-network deductibles are met. When you use UNICARE independently contracted participating (in-network) providers, your costs are based on a specially negotiated rate for UNICARE that may often save you money. When you use nonparticipating (out-of-network) providers, your costs are based on charges deemed by UNICARE to be reasonable for that service and area. Reasonable charges may be less than your provider's billed charges and often result in higher costs to you. Refer to the UNICARE provider directory or to the UNICARE Web site at www.unicare.com to determine which providers in your area are participating (in-network) providers. Ask your agent to provide you with a UNICARE provider directory before you sign an application for coverage.

For a more detailed description of coverage, benefits, limitations and exclusions, preservice and utilization review, preauthorization process, additional deductibles, and penalties that may apply, please refer to the applicable Certificate of Coverage. If there are any conflicts between the terms of the Certificate of Coverage and the information in this brochure, the terms of the Certificate of Coverage will prevail.

Amounts shown below are the member's share of costs.
